

You're invited...

The Rural Voices Gathering

November 20 - 27, 2024

Join us for a series of province-wide conversations on community driven solutions for rural health and wellness.

Comprised of two virtual sessions, plus in-person community-based dialogue, the Gathering will bring together and amplify the voices of rural, remote and First Nations and Métis communities.

Bring your voice.

The gathering is open to anyone living, working or providing services to a rural, remote, First Nations or Métis community.
